

**BEFORE THE ZONING HEARING BOARD**

**TOWNSHIP OF EAST LAMPETER**

IN RE: :  
 : No. 2019-11  
APPLICATION OF DANIEL FREDERICK :  
AND DANA E FREDERICK :

**DECISION**

**I. FINDINGS OF FACT**

1. Applicants are Daniel Frederick and Danae Frederick, 67 Straford Village, Lancaster, Pennsylvania 17602 ("Applicants").

2. The property which is the subject of the instant application is located at 10 Crest Avenue, East Lampeter Township, Lancaster County, Pennsylvania (the "Property").

3. Applicants are the owners of the Property.

4. The Property is located in the Residential District R-2 as shown on the Official Zoning Map of East Lampeter Township.

5. Notice of the hearing on the within application was duly advertised and posted in accordance with the provisions of the Pennsylvania Municipalities Planning Code ("MPC") and the East Lampeter Zoning Ordinance of 2016 (the "Zoning Ordinance").

6. A public hearing was held before the Zoning Hearing Board of East Lampeter Township ("Board") on this application on June 27, 2019.

7. Testimony at the hearing was stenographically recorded.

8. Applicants appeared personally at the hearing.

9. Dan Siegrist, of Custom Home Group, also appeared at the hearing and testified on behalf of Applicants.

10. The Property is an irregularly shaped lot, as more fully shown on the plan ("Plan") submitted by Applicants.

11. Applicants desire to construct a single family dwelling with attached garage and driveway, as more fully shown on the Plan.

12. Section 6030.B.1.a of the Zoning Ordinance provides that a lot containing a single family dwelling must have a minimum lot width of 50 feet at the street right of way and 75 feet at the front setback line.

13. Although the Property satisfies the minimum lot width requirement at the street right of way, the lot width at the front setback line is 66 feet and does not comply with Section 6030.B.1.a of the Zoning Ordinance.

14. Applicants require a variance from the terms of Section 6030.B.1.a of the Zoning Ordinance with regard to minimum lot width at the building setback line.

## II. CONCLUSIONS OF LAW

1. An applicant for a variance bears the burden of proving that unnecessary hardship will result if the variance is not granted and that the grant of the proposed variance will not be contrary to the public interest. Valley View Civic Association v. Zoning Board of Adjustment, 501 Pa. 550, 462 A.2d 637 (1983); Zaruta v. Zoning Hearing Board of the City of Wilkes-Barre, 117 Pa. Commonwealth Ct. 526, 543 A.2d 1282 (1988); Pennsylvania Municipalities Planning Code ("MPC") §910.2.

2. In determining whether unnecessary hardship has been established, zoning hearing boards should examine whether the variance sought is use or dimensional. To justify the grant of a dimensional variance, zoning hearing boards may consider multiple factors, including the economic detriment to the applicant if the variance was denied, the financial hardship created by any work necessary to bring the building into strict compliance with the zoning requirements and the characteristics of the surrounding neighborhood. Hertzberg v. Zoning Board of Adjustment of the City of Pittsburgh, 721 A.2d 43 (1998); Talkish v. Zoning Hearing Board of Harborcreek Township, 738 A.2d 50 (1999).

3. When seeking a dimensional variance within a permitted use, the owner is asking only for a reasonable adjustment of the zoning regulations in order to utilize the property in a manner consistent with the applicable regulations, Thus, the grant of a

dimensional variance is of lesser moment than the grant of a use variance, since the latter involves a proposal to use the property in a manner that is wholly outside the zoning regulation. Hertzberg v. Zoning Board of Adjustment of the City of Pittsburgh, 721 A.2d 43 (1998).

4. The quantum of proof required to establish unnecessary hardship is lesser when a dimensional variance, as opposed to a use variance, is sought. Hertzberg v. Zoning Board of Adjustment of the City of Pittsburgh, 721 A.2d 43 (1998).

5. Applicants require a variance from the terms of Section 6030.B.1.a of the Zoning Ordinance.

6. The irregular shape of the Property warrants the granting of the variance requested.

7. The unnecessary hardship has not been created by the Applicants.

8. Applicants have presented evidence sufficient to establish that unnecessary hardship will result if the variance is not granted, that the grant of the proposed variance will not be contrary to the public interest, and that the variance requested is the minimum that will afford relief and will represent the least modification of the ordinance.

9. Conditions must be attached to a grant of the variance in this case to preserve and protect the surrounding neighborhood.

### III. DECISION

Based upon the foregoing findings of fact and conclusions of law, the Zoning Hearing Board of the Township of East Lampeter hereby grants the application of Daniel Frederick and Danae Frederick for a variance from the terms of Section 6030.B.1.a of the Zoning Ordinance in order to permit the construction of the single family dwelling and attached garage, as more particularly shown on the Plan. 2. Applicants shall at all times comply with and adhere to the information and representations submitted with and contained in their application and the evidence presented to the Board at the hearing held on June 27, 2019.

4. The approval granted by this Decision shall expire in accordance with the terms of Section 25060 of the Zoning Ordinance.

5. The foregoing Decision shall be binding upon the Applicants and their heirs, personal representatives and assigns.
