

# SR 0030/0462

# Interchange Improvement Project

East Lampeter Township Board of Supervisors Meeting  
October 17, 2022

# Purpose & Need

## **Purpose:**

The purpose of the project is to provide safe vehicular movement and improved pedestrian mobility through the intersection of SR 30 and SR 462

## **Need:**

The project is needed due to:

1. Significant crash history at the intersection of SR 0030, SR 0462, and Oakview Road
2. Lack of continuous sidewalk and pedestrian crossings

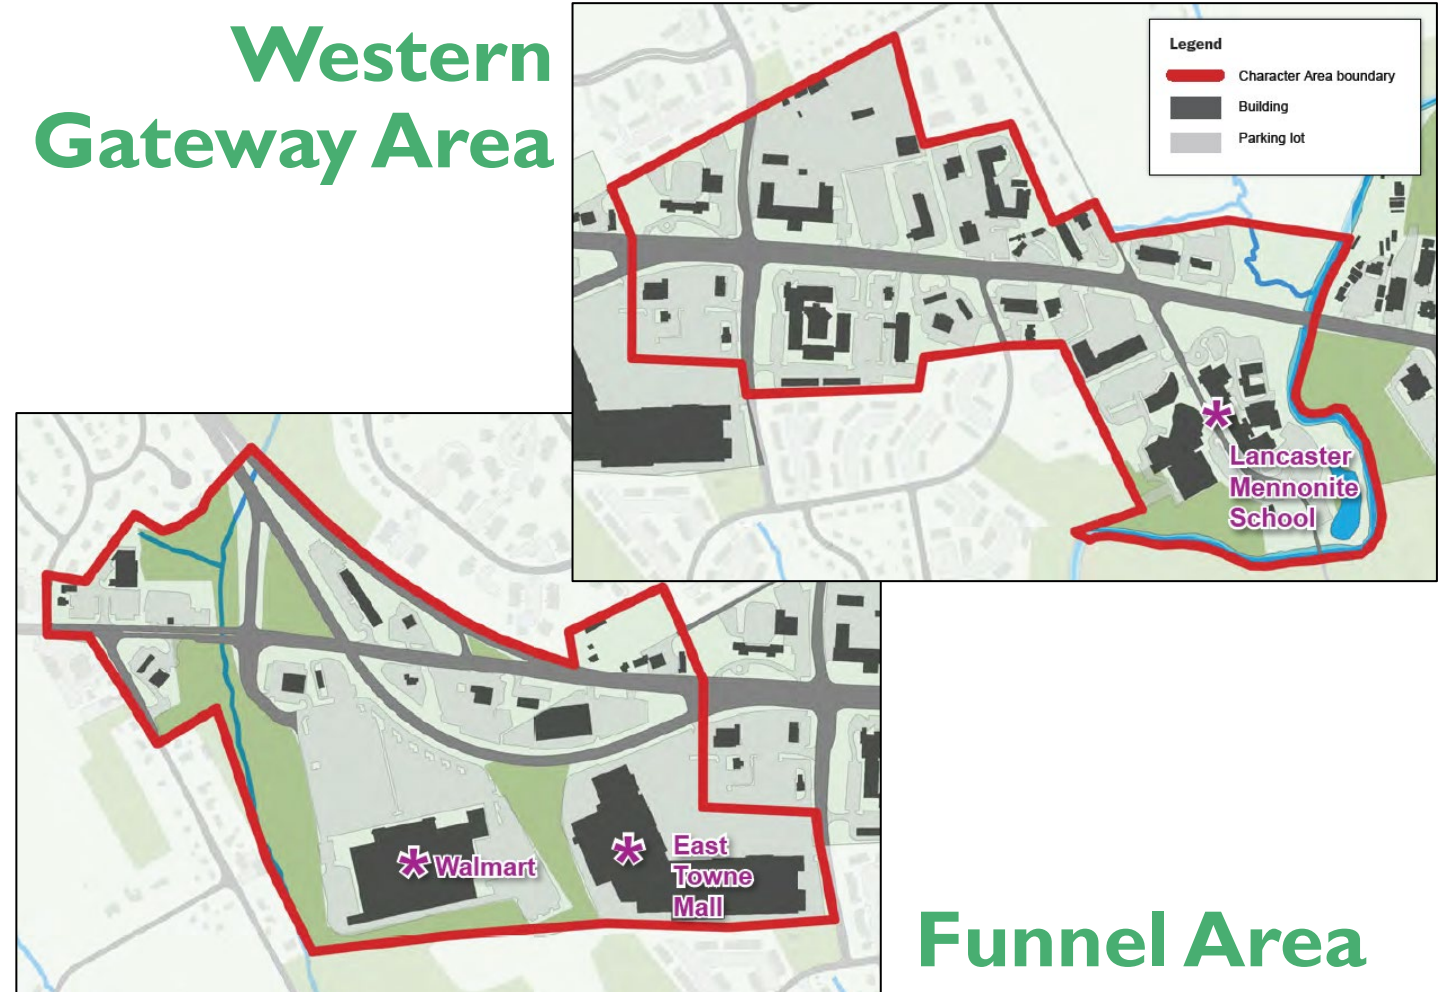

# This project is consistent with East Lampeter Township's **Lincoln Highway Streetscape Plan** between Strasburg Pike and Harvest Road / Mennonite School Road

## Lincoln Highway Streetscape Plan Phase 2

**AECOM**  
IBI Group • Cloud Gehshan  
Adopted May 11, 20115

## Western Gateway Area

## Funnel Area

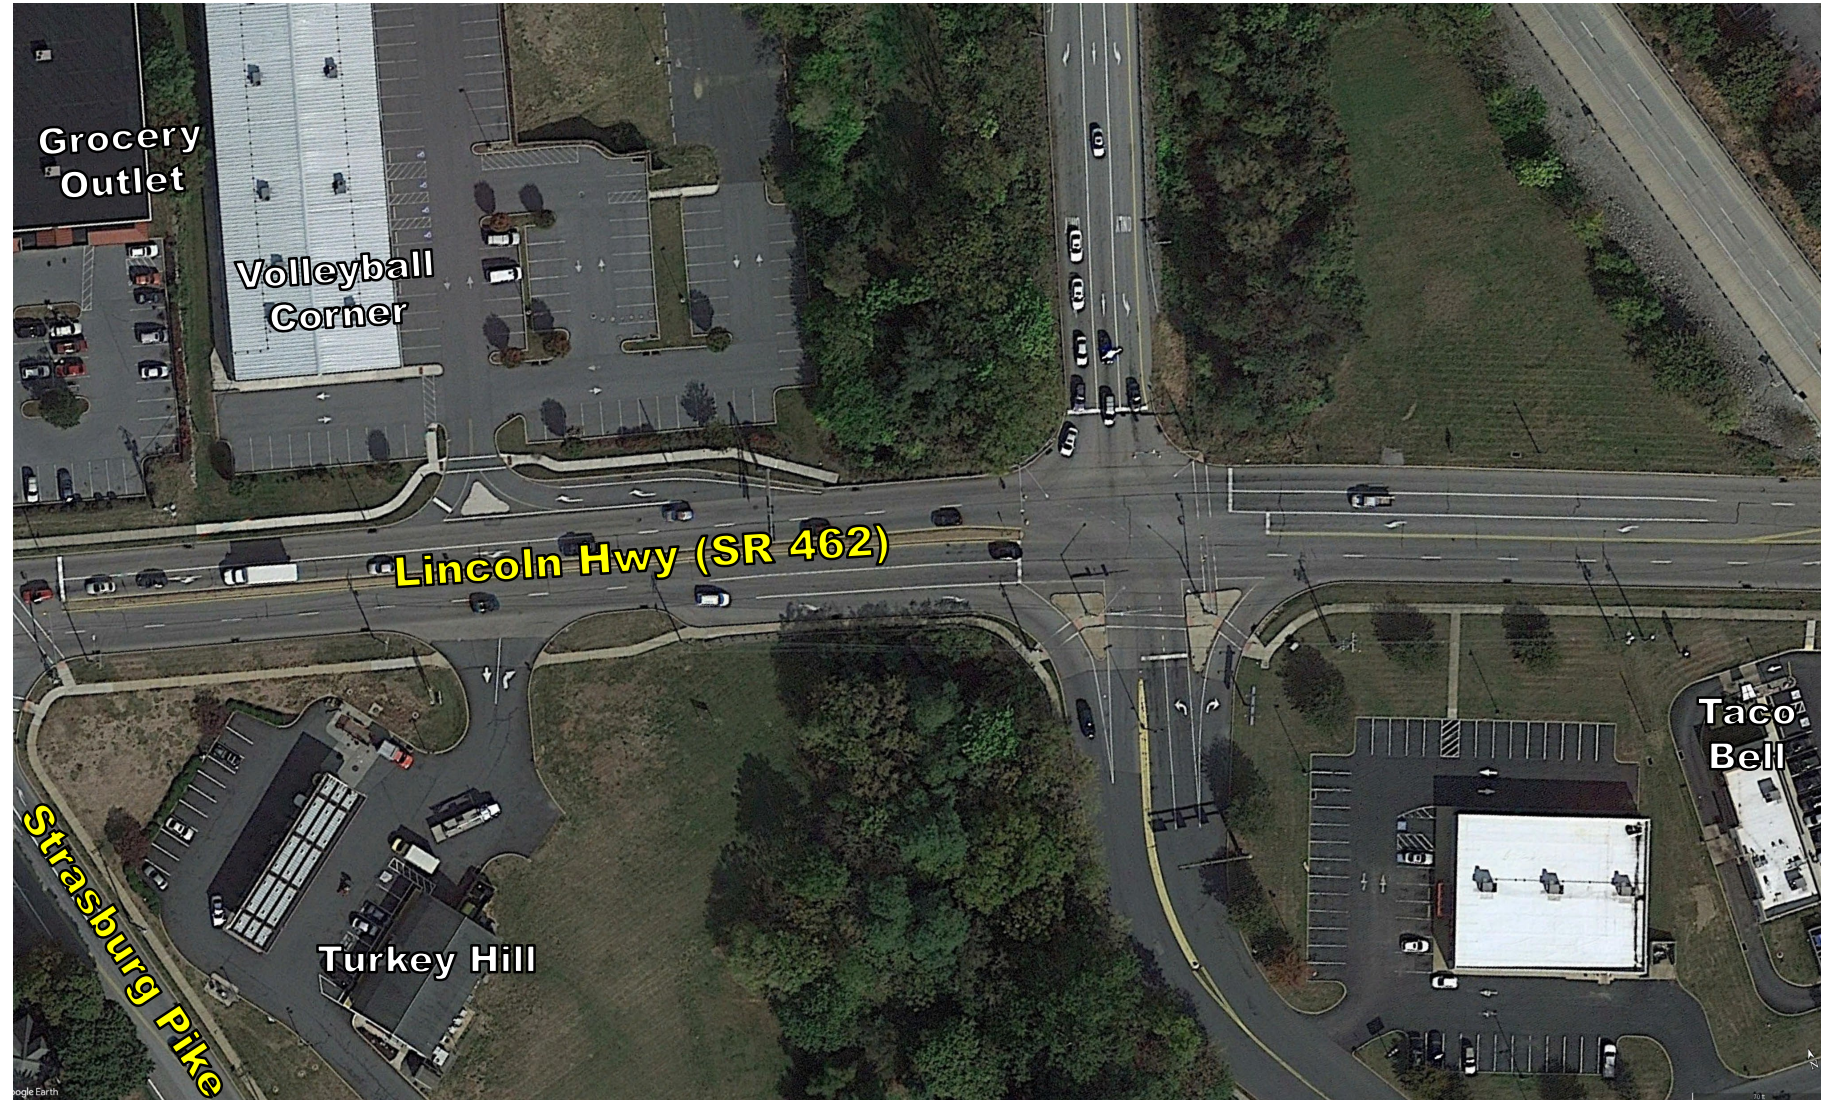

# Improvements

Proposed improvements include:

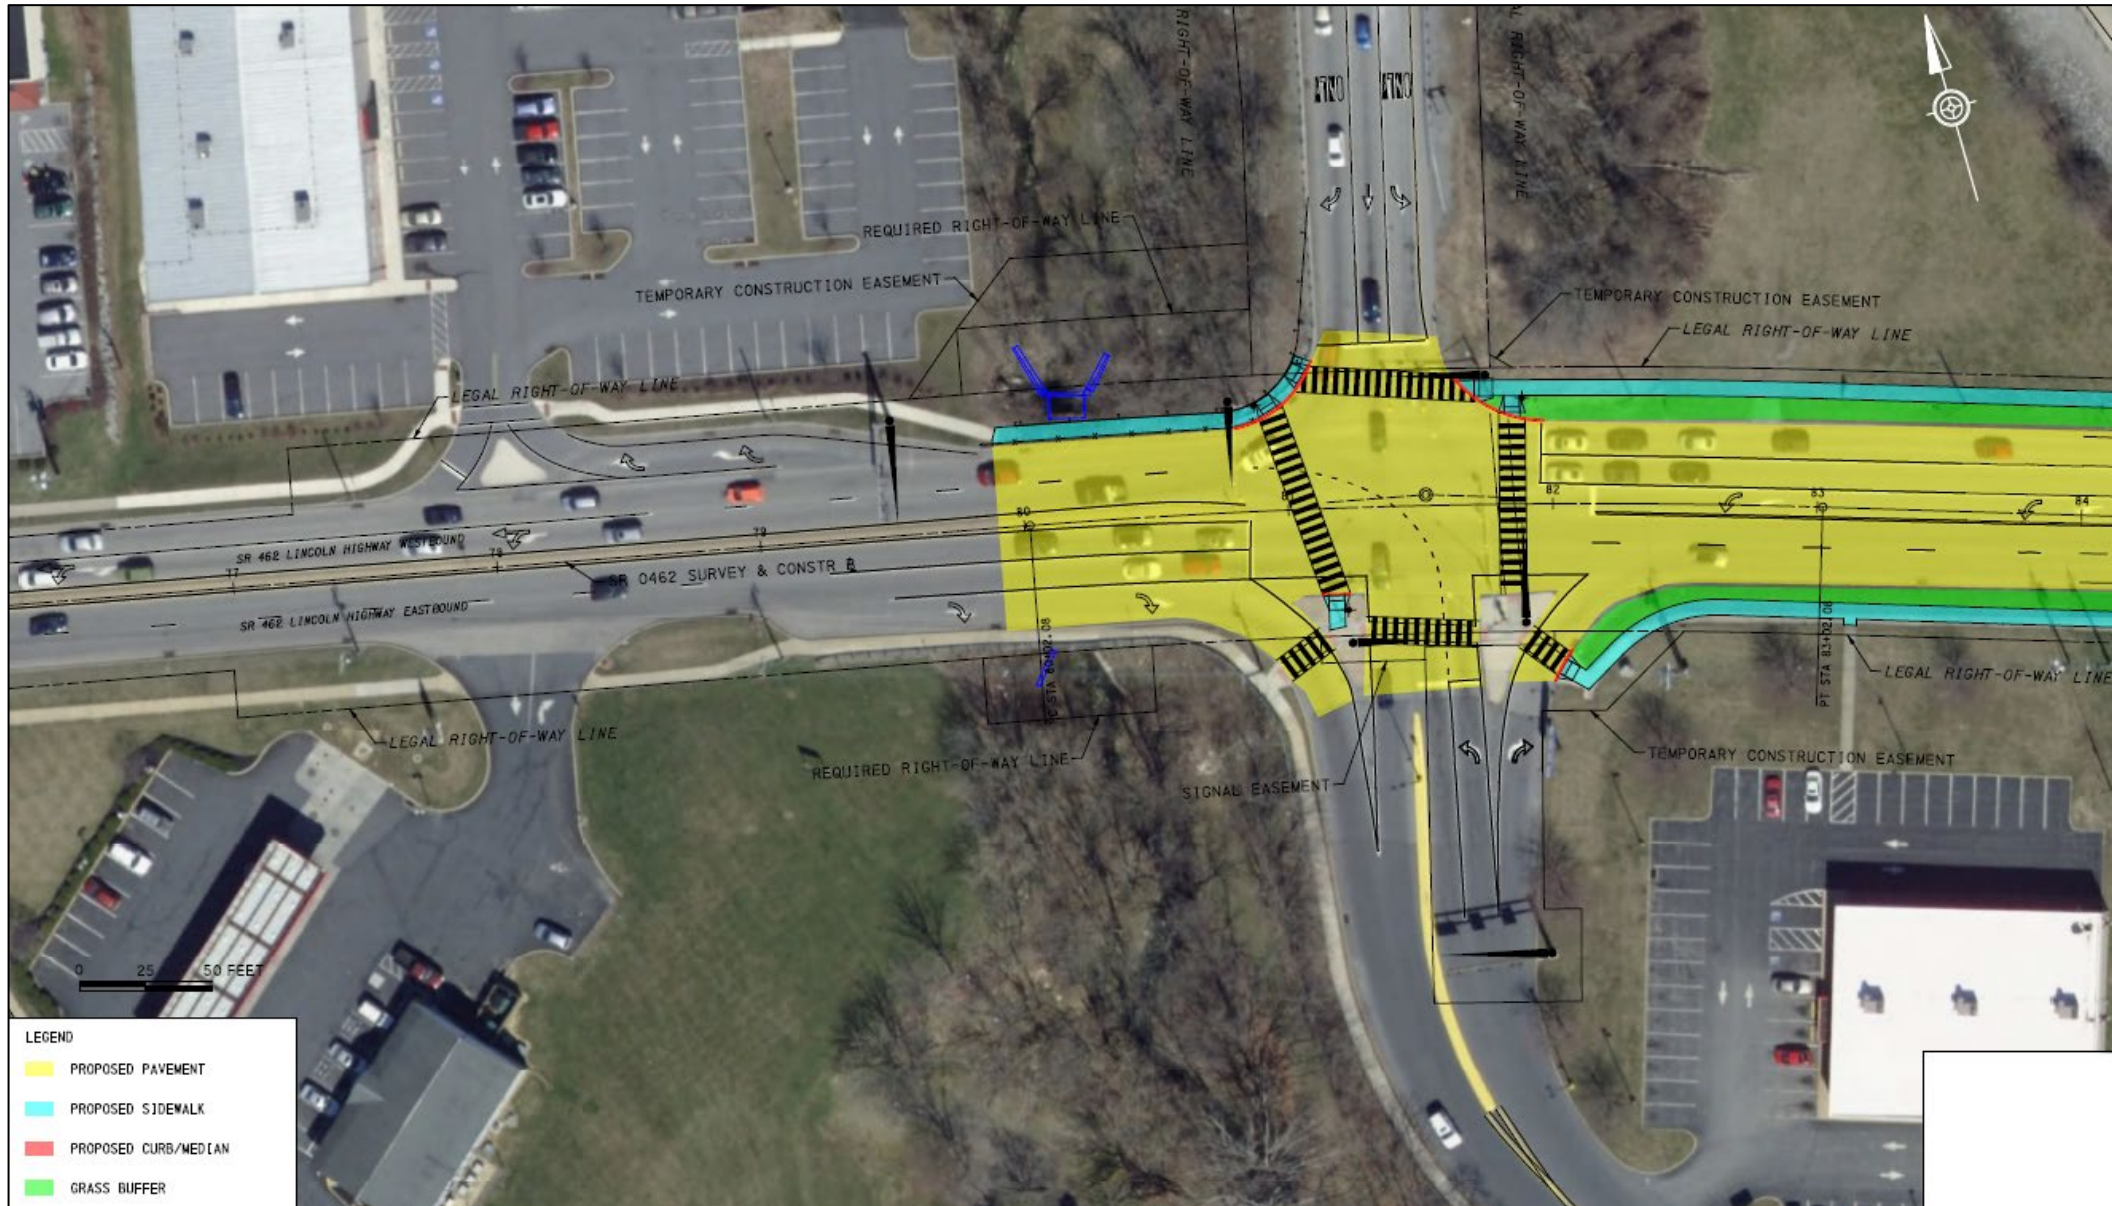

- Realign SR 462 EB lanes to a new signalized intersection with SR 30 EB
- Reconfigure eastbound approach to SR 30 / Oakview Road intersection
- Complete sidewalk connections and pedestrian crossings through the project limits
- Reduce pavement width on SR 30 and SR 462
- Construct a 12' multi-use path between Oakview Road and Mennonite School Road
- Upgrade six traffic signal installations with decorative mast arms, pedestrian poles, and ADA-compliant curb ramps
- Additional fire hydrants on north side of SR 462 and SR 30

- Sidewalk connection to Volleyball Corner
- Extension of existing culvert under SR 0462

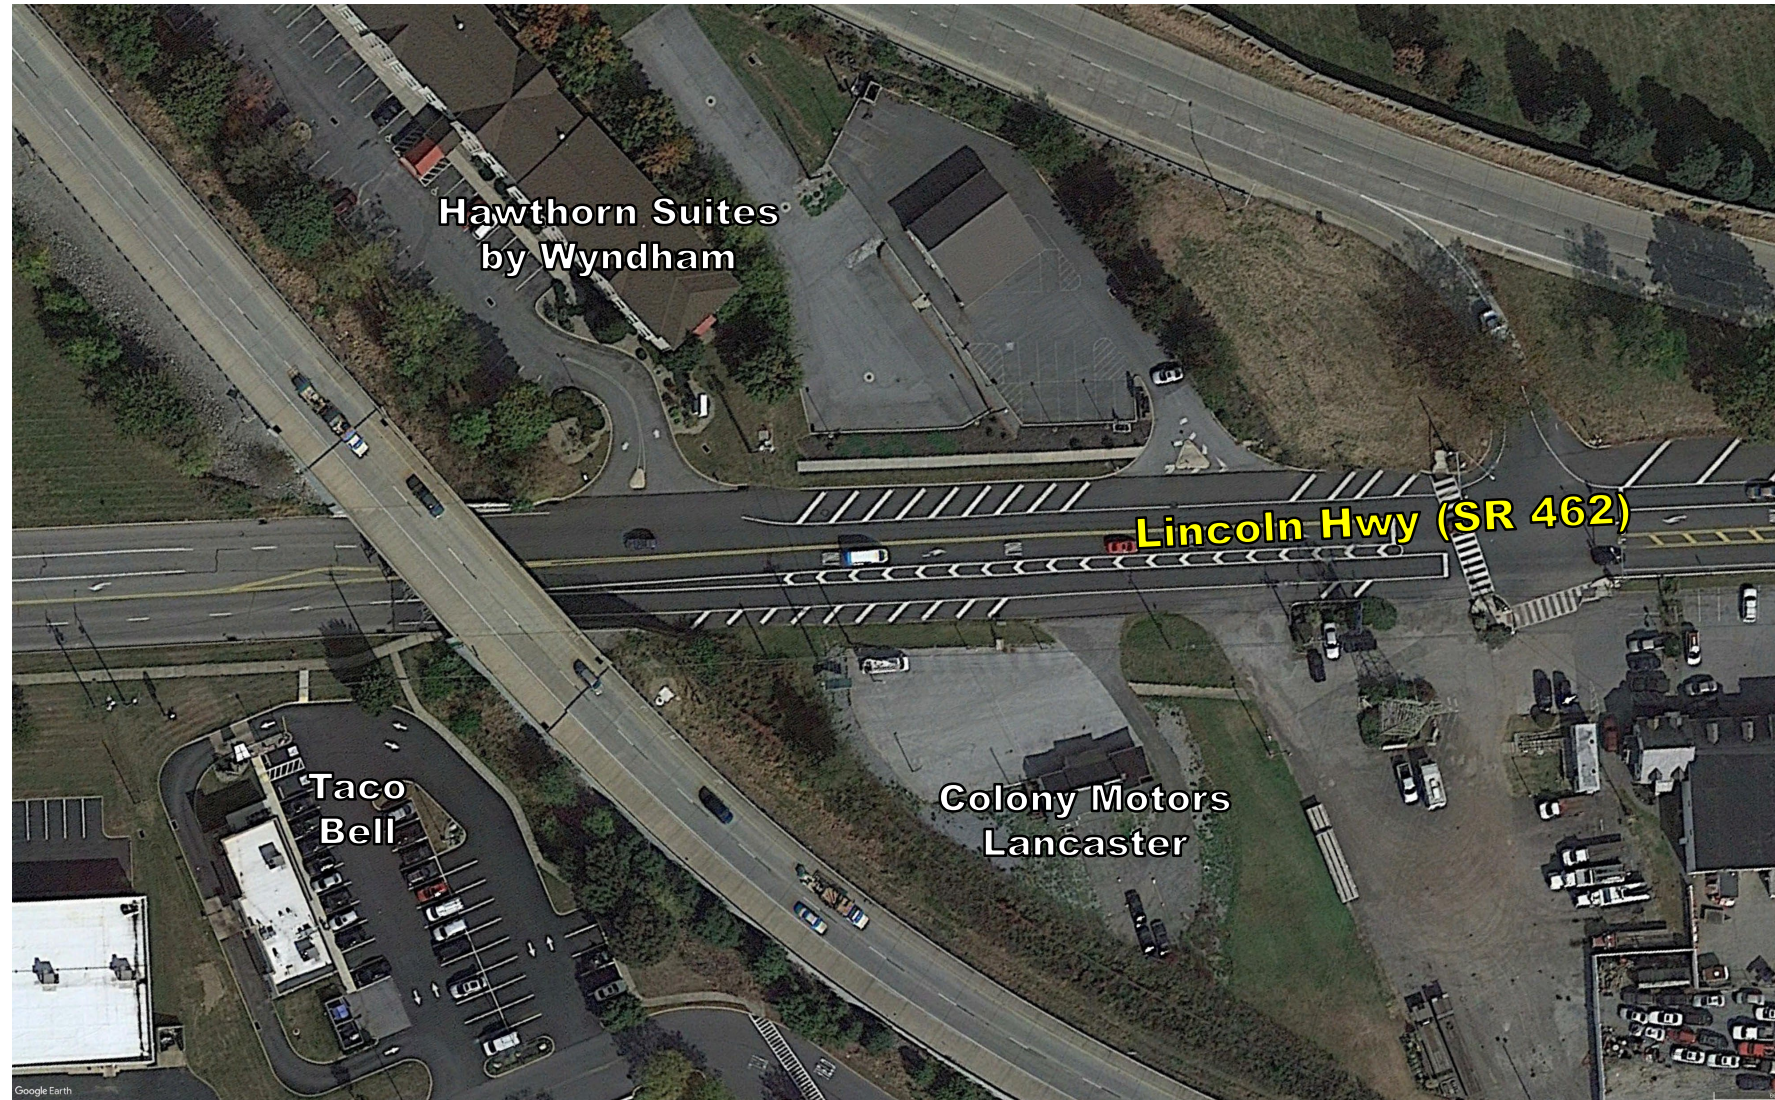

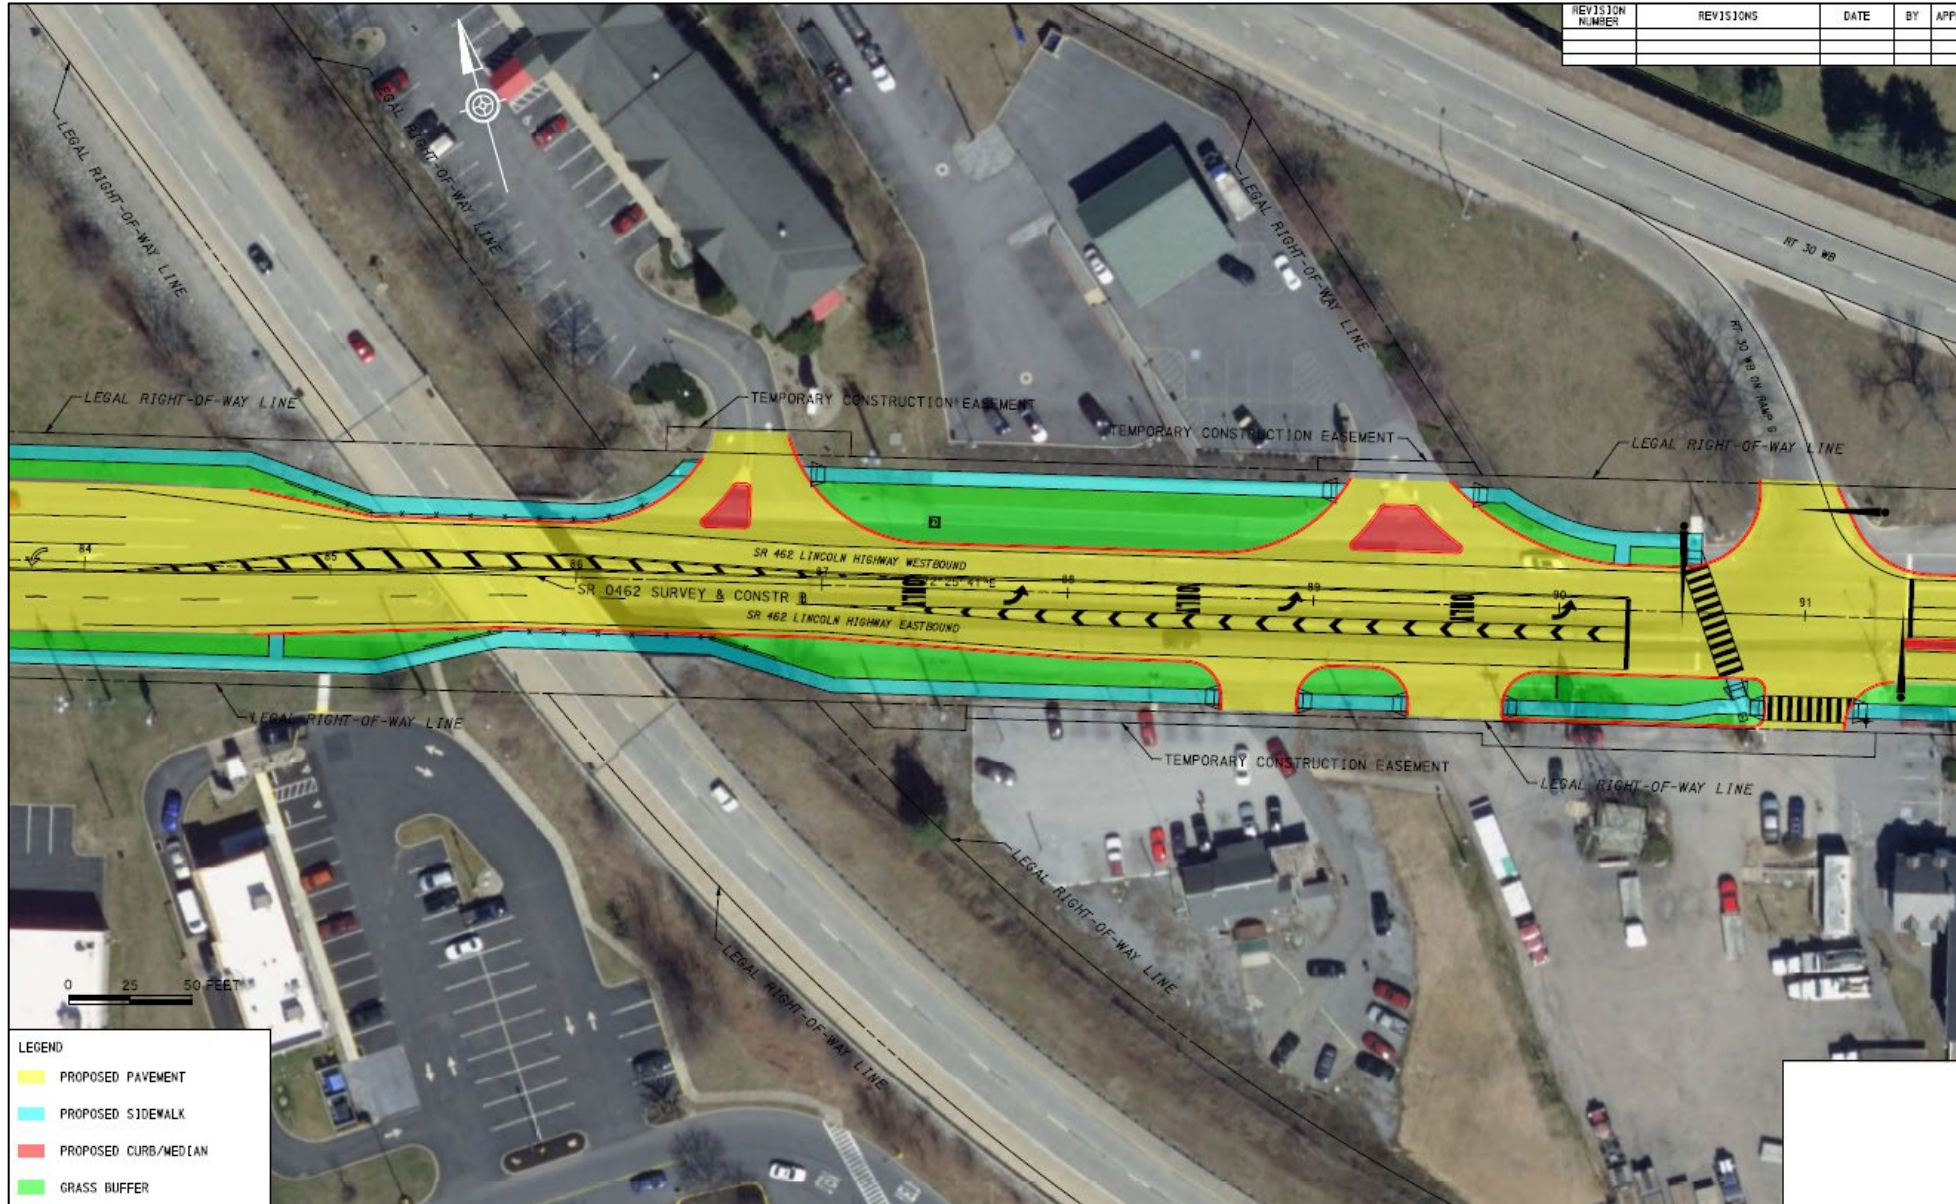

- Pavement width reduction
- 6' sidewalk on both sides with large grass buffers
- 7' sidewalk on both sides underneath SR 30 overpass

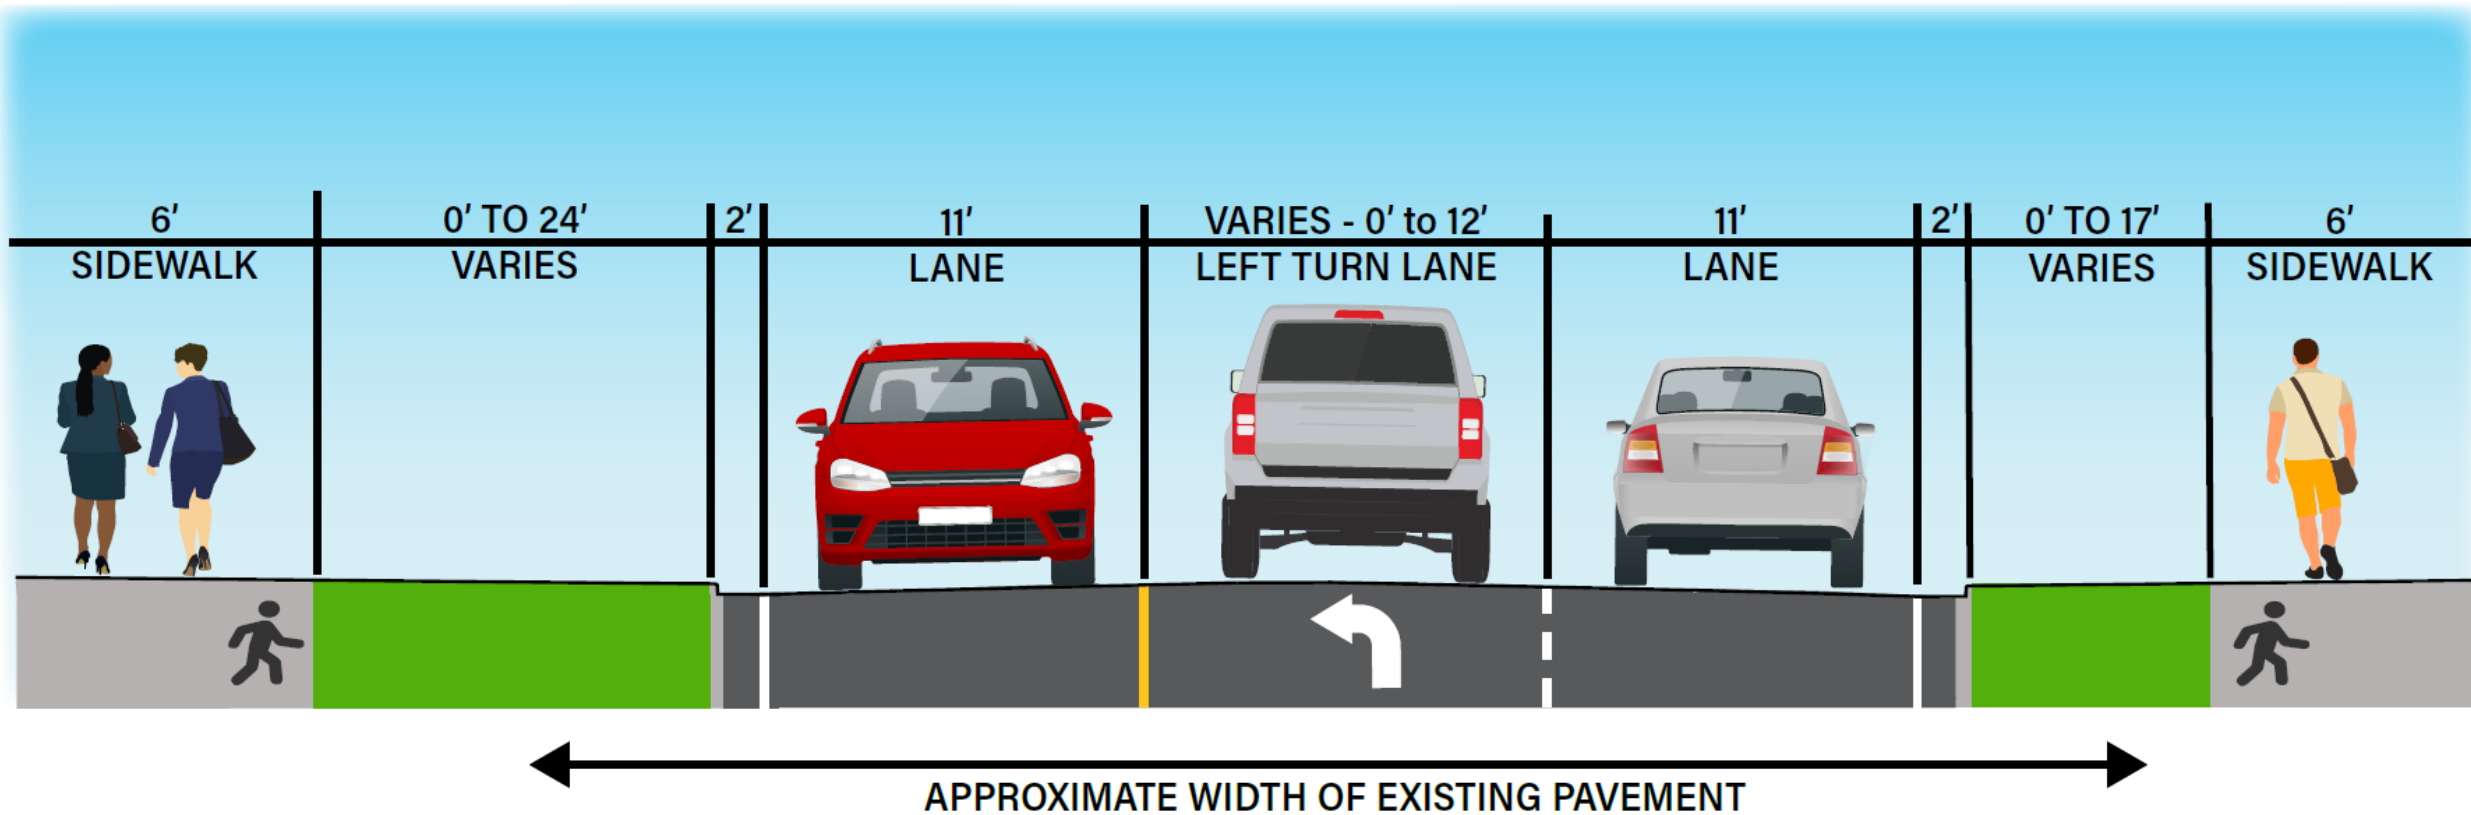

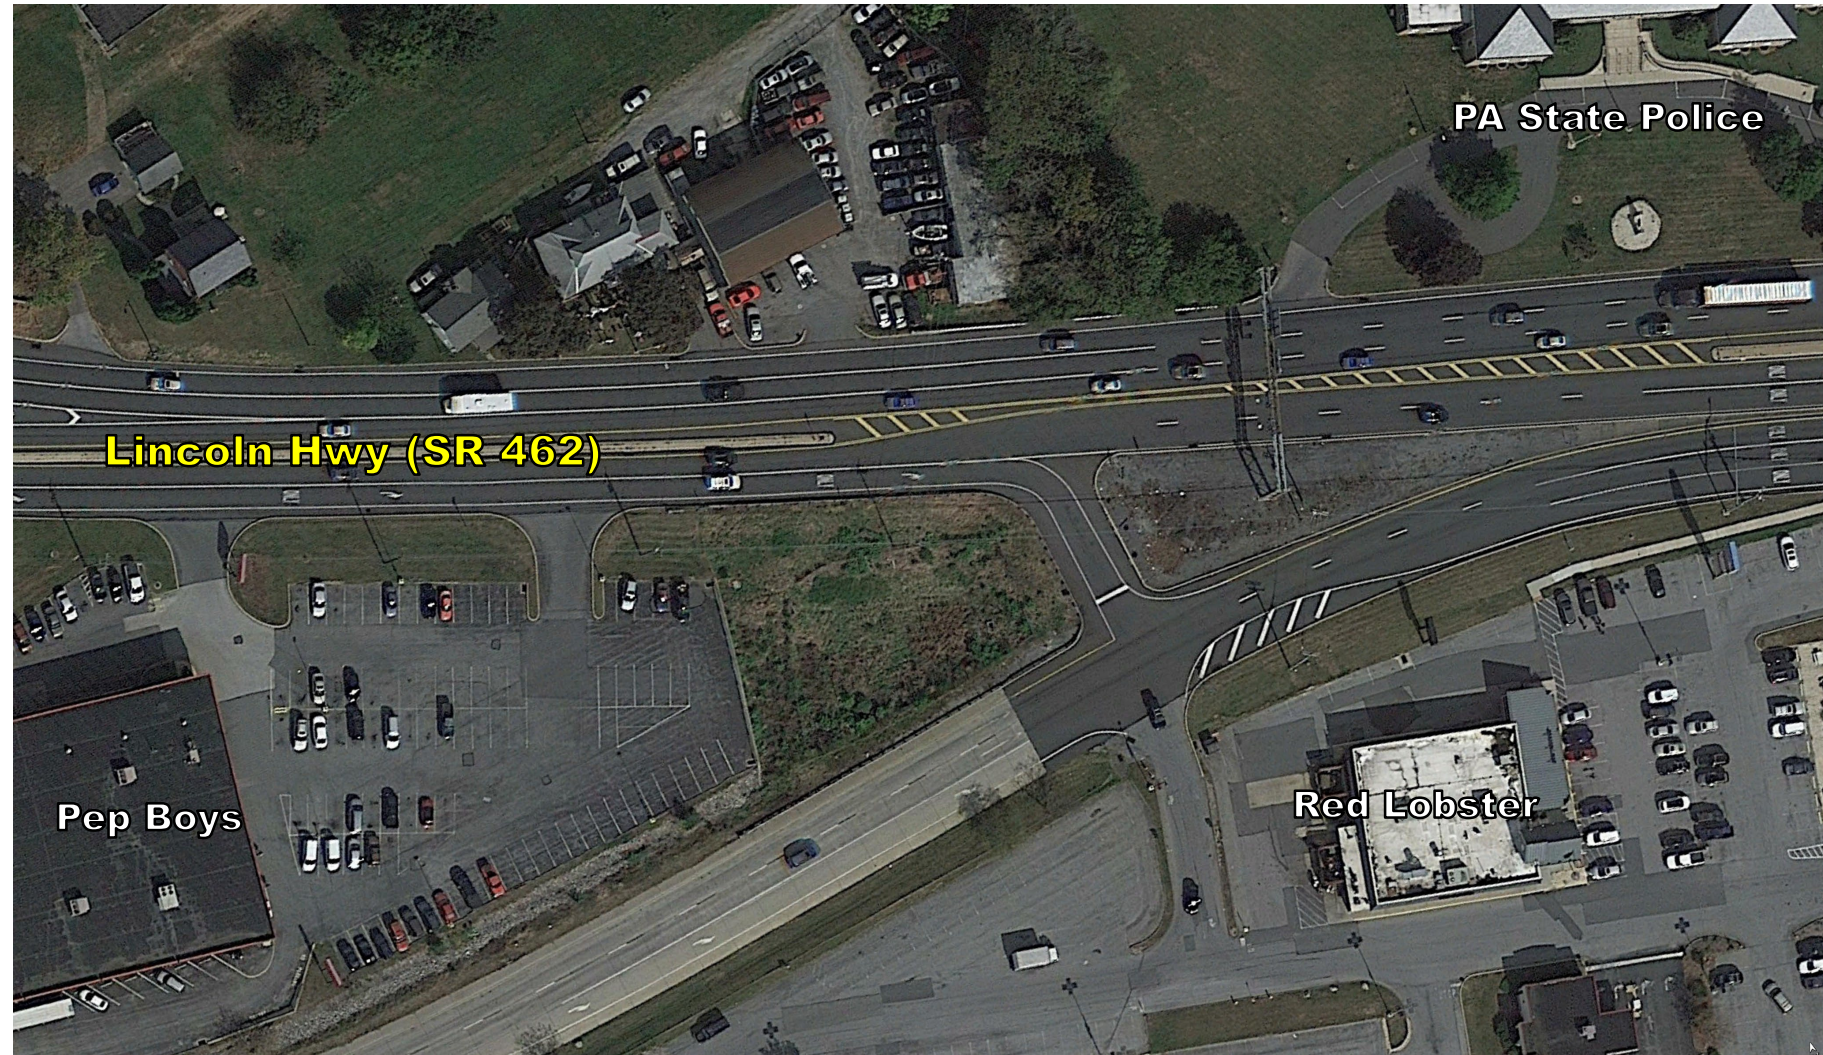

# SR 462 Improvements

## Proposed Typical Section Looking East

- Realignment of EB lanes to signal at SR 30 EB
- All traffic turns left to single EB approach to Oakview Road
- Entrance to East Towne Centre is maintained

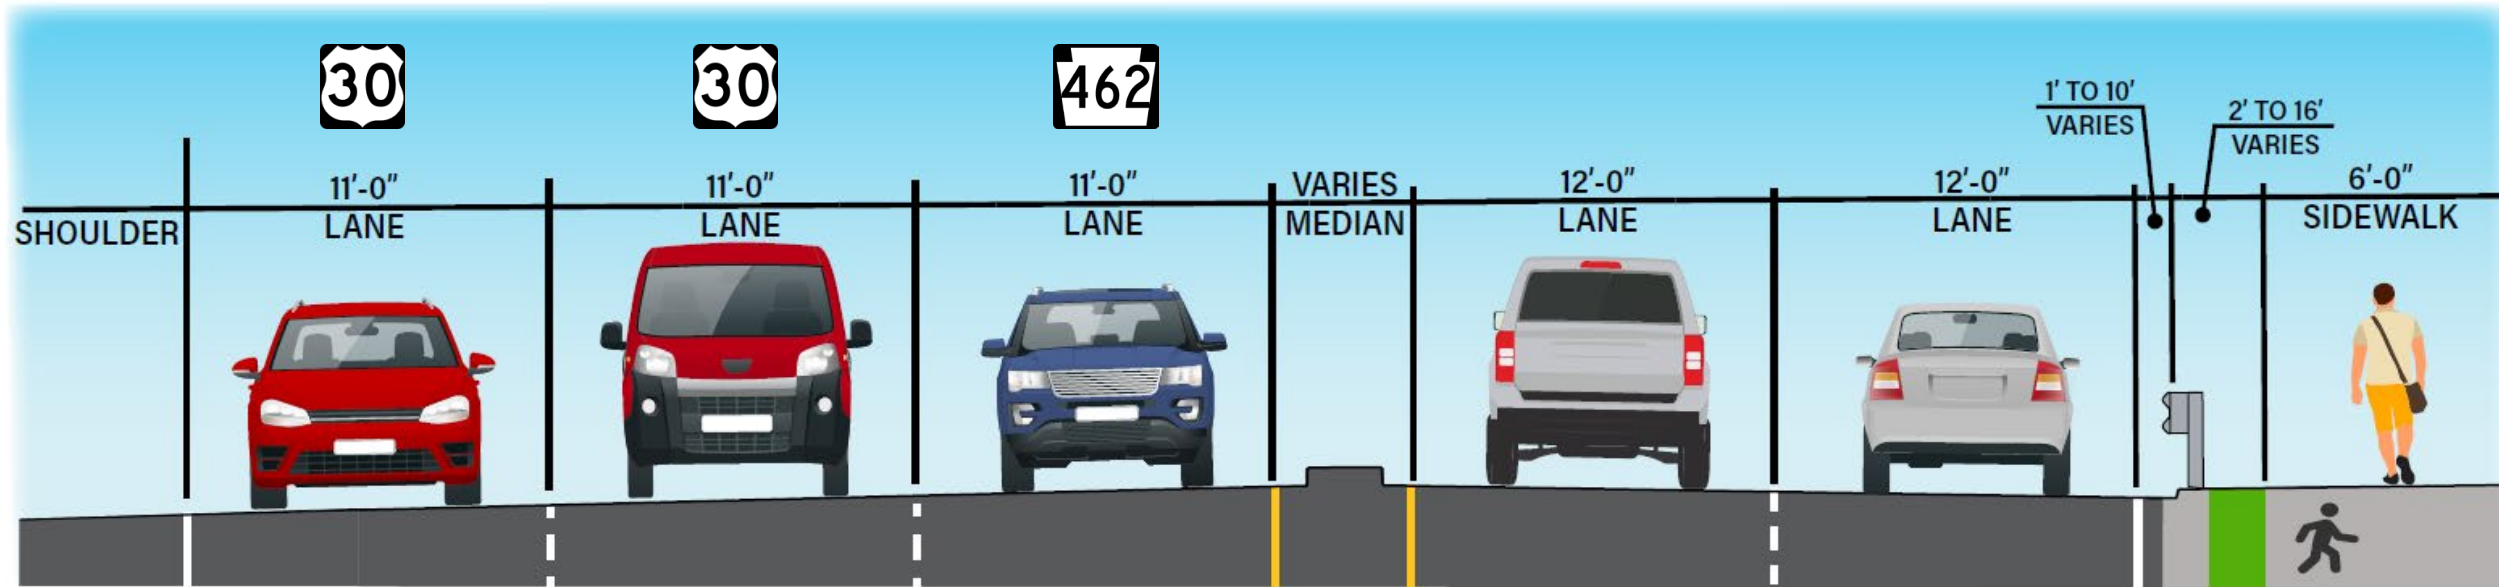

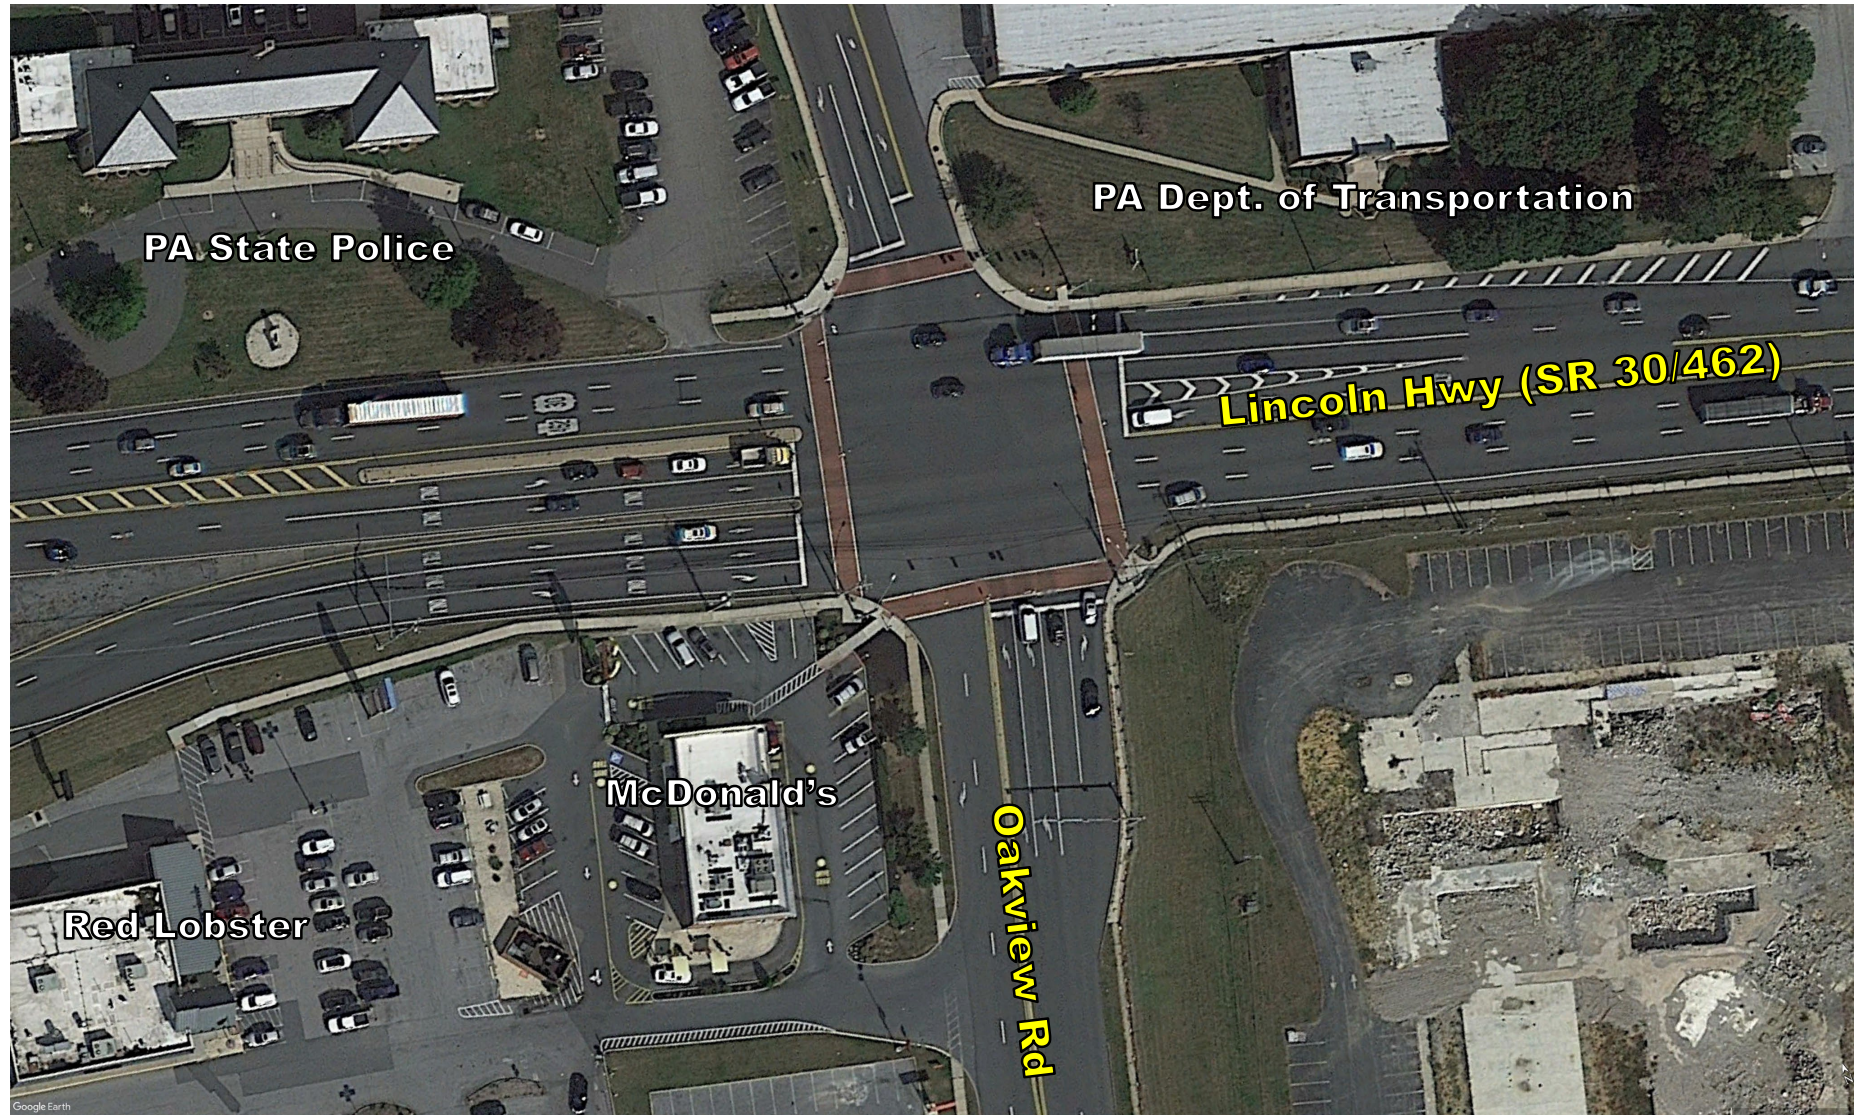

# SR 462 Improvements

## Proposed Typical Section Looking East

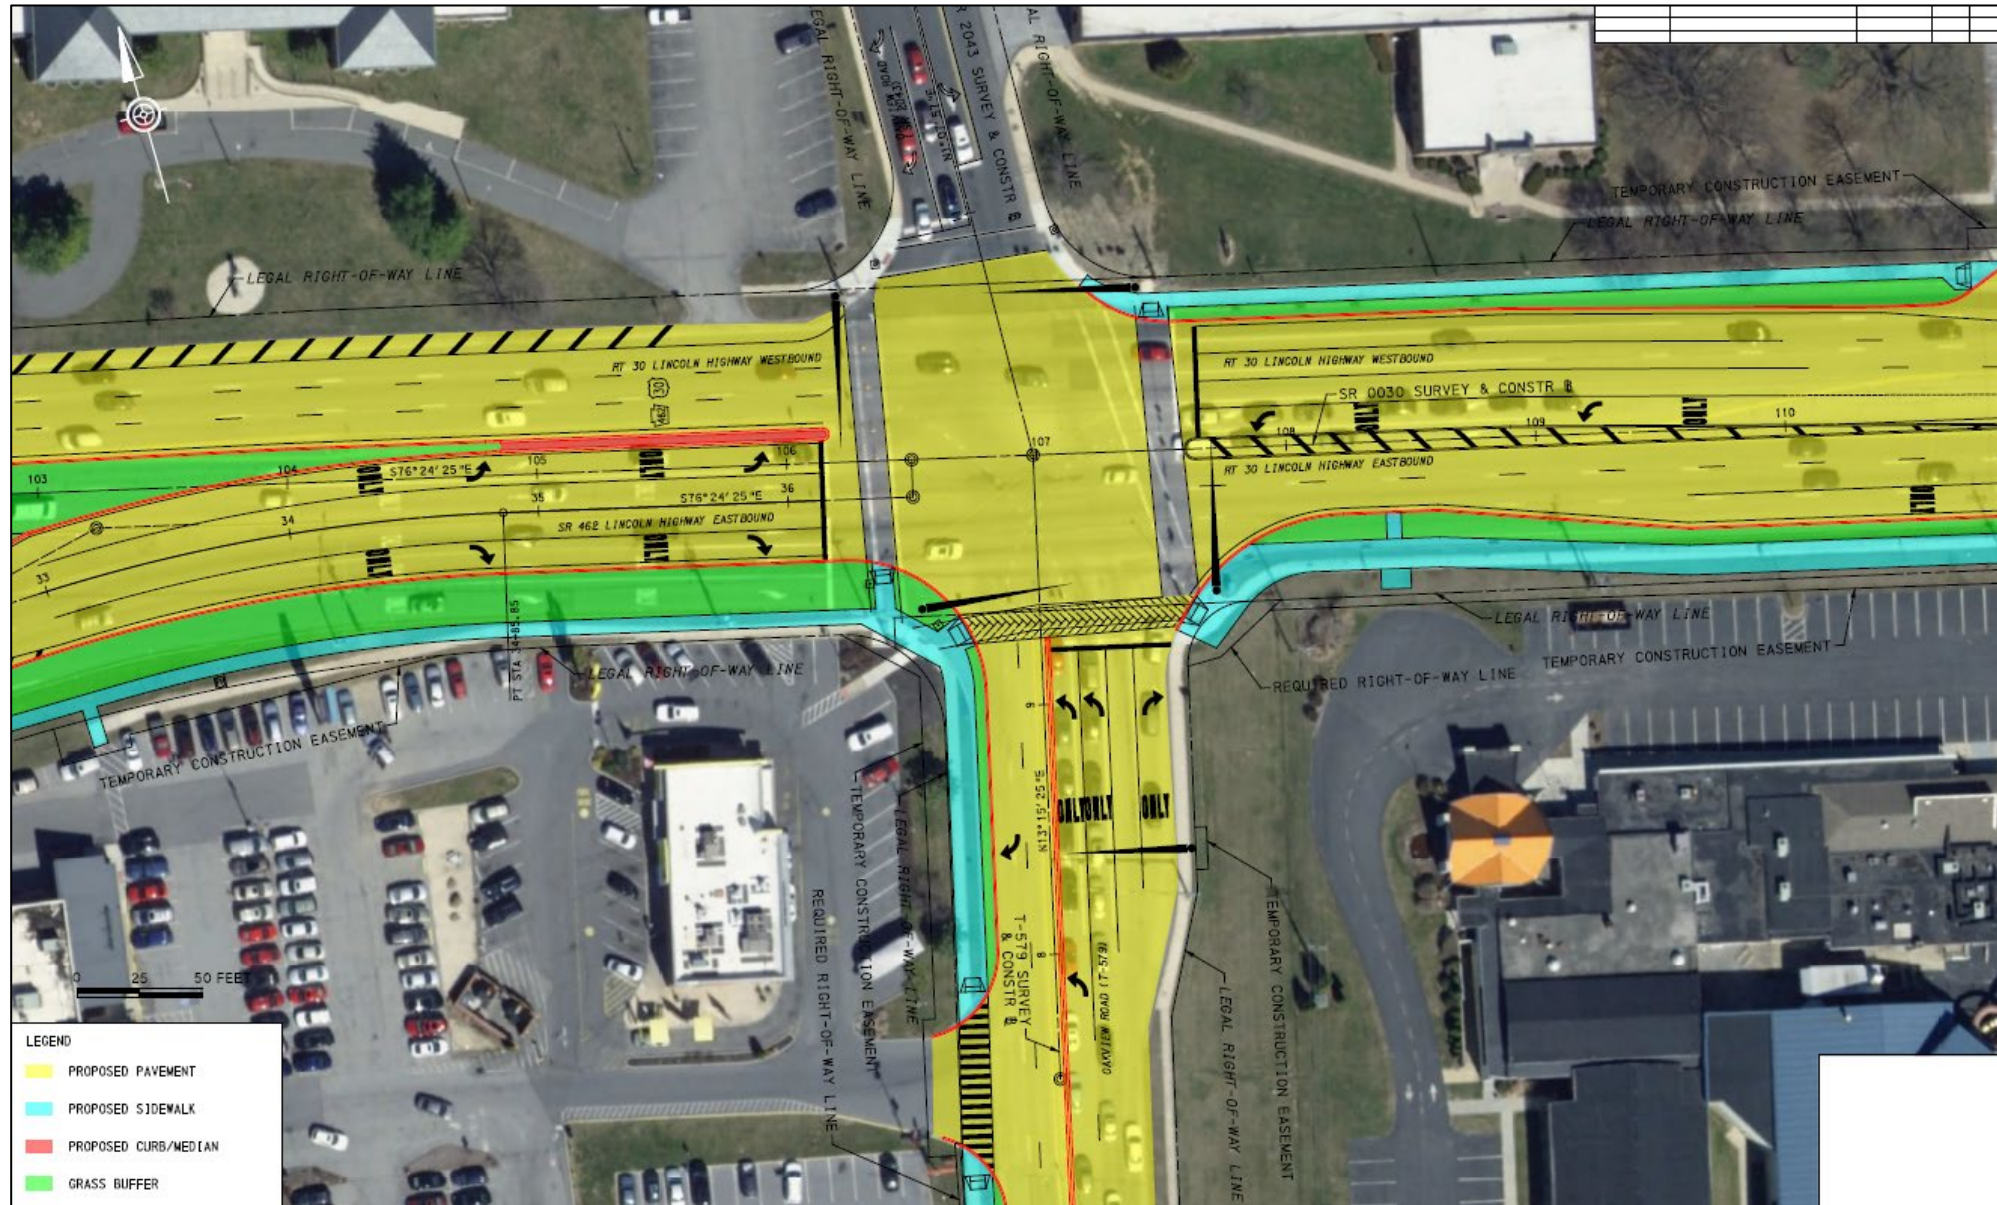

- Single EB approach to Oakview Road
- Maintain textured crosswalks
- 12' multi-use trail on west side of Oakview Road with grass buffer

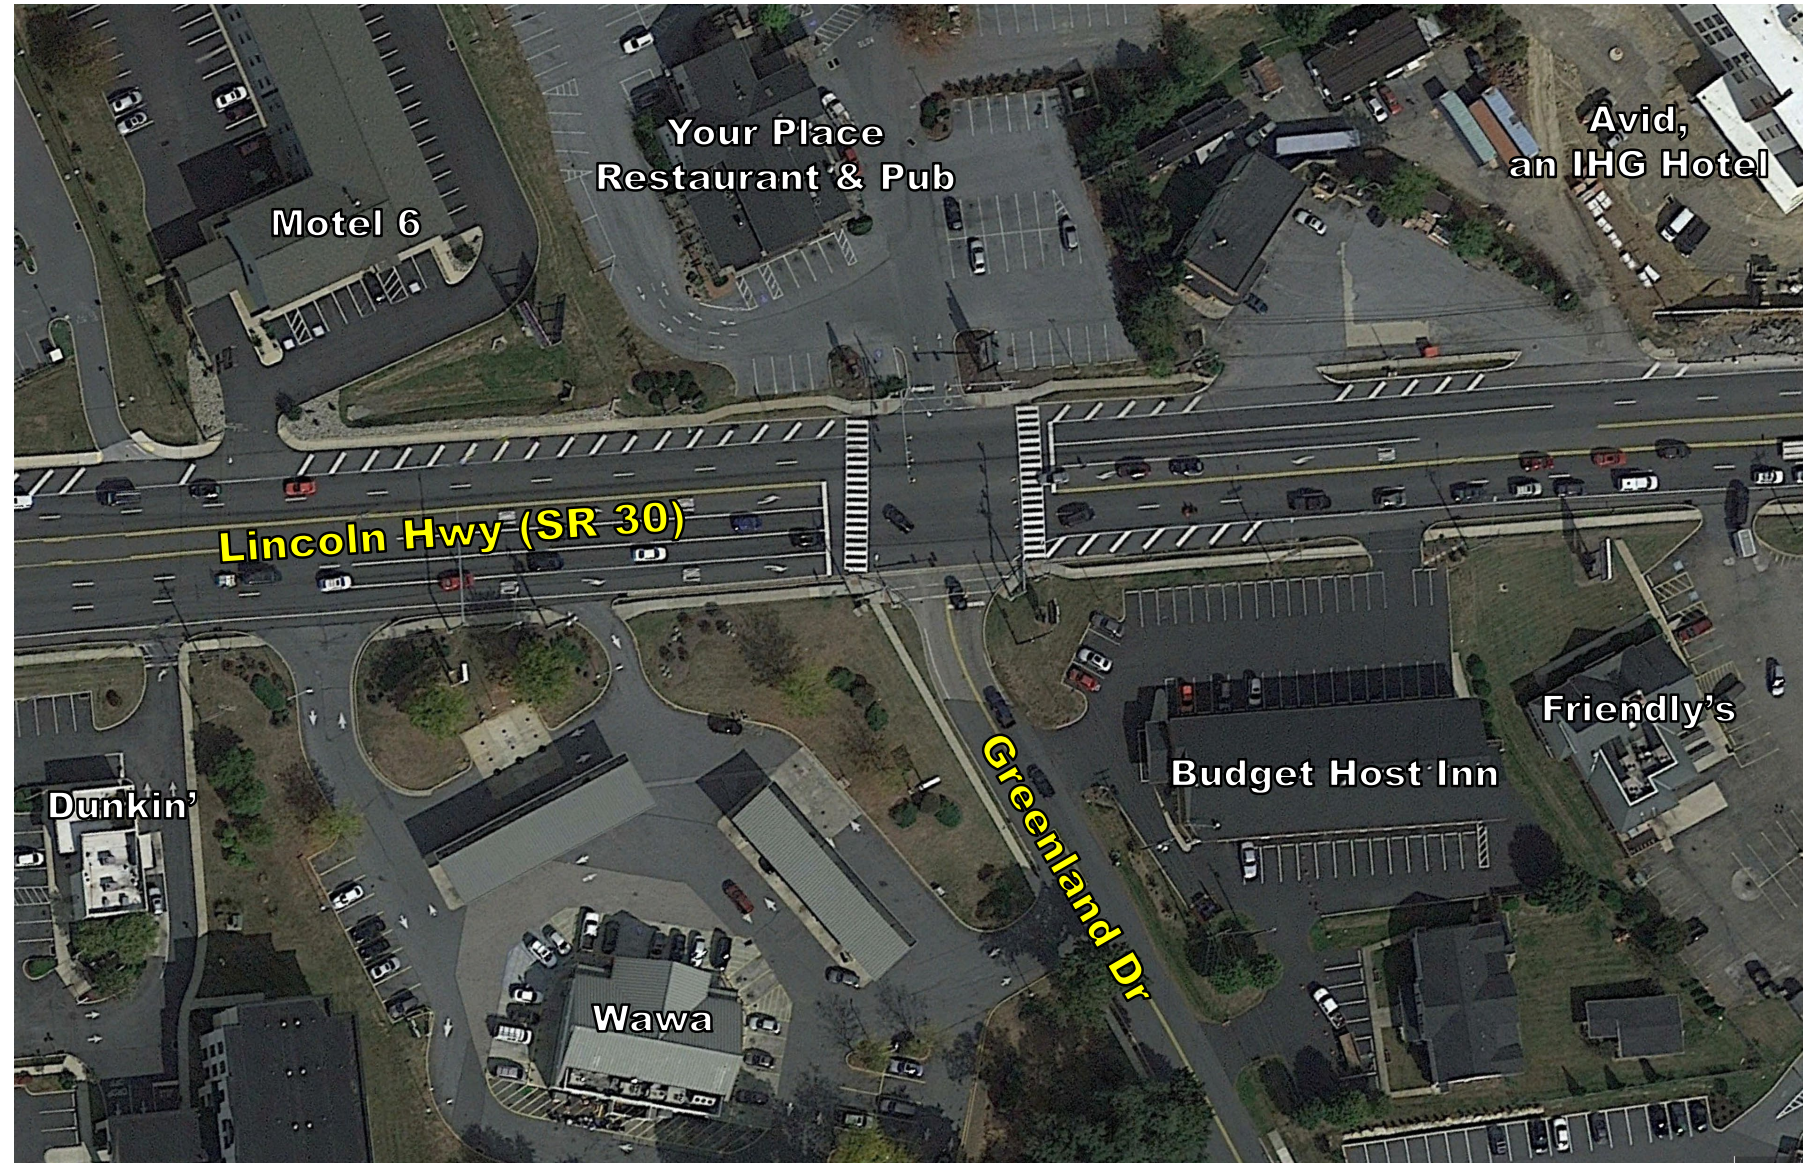

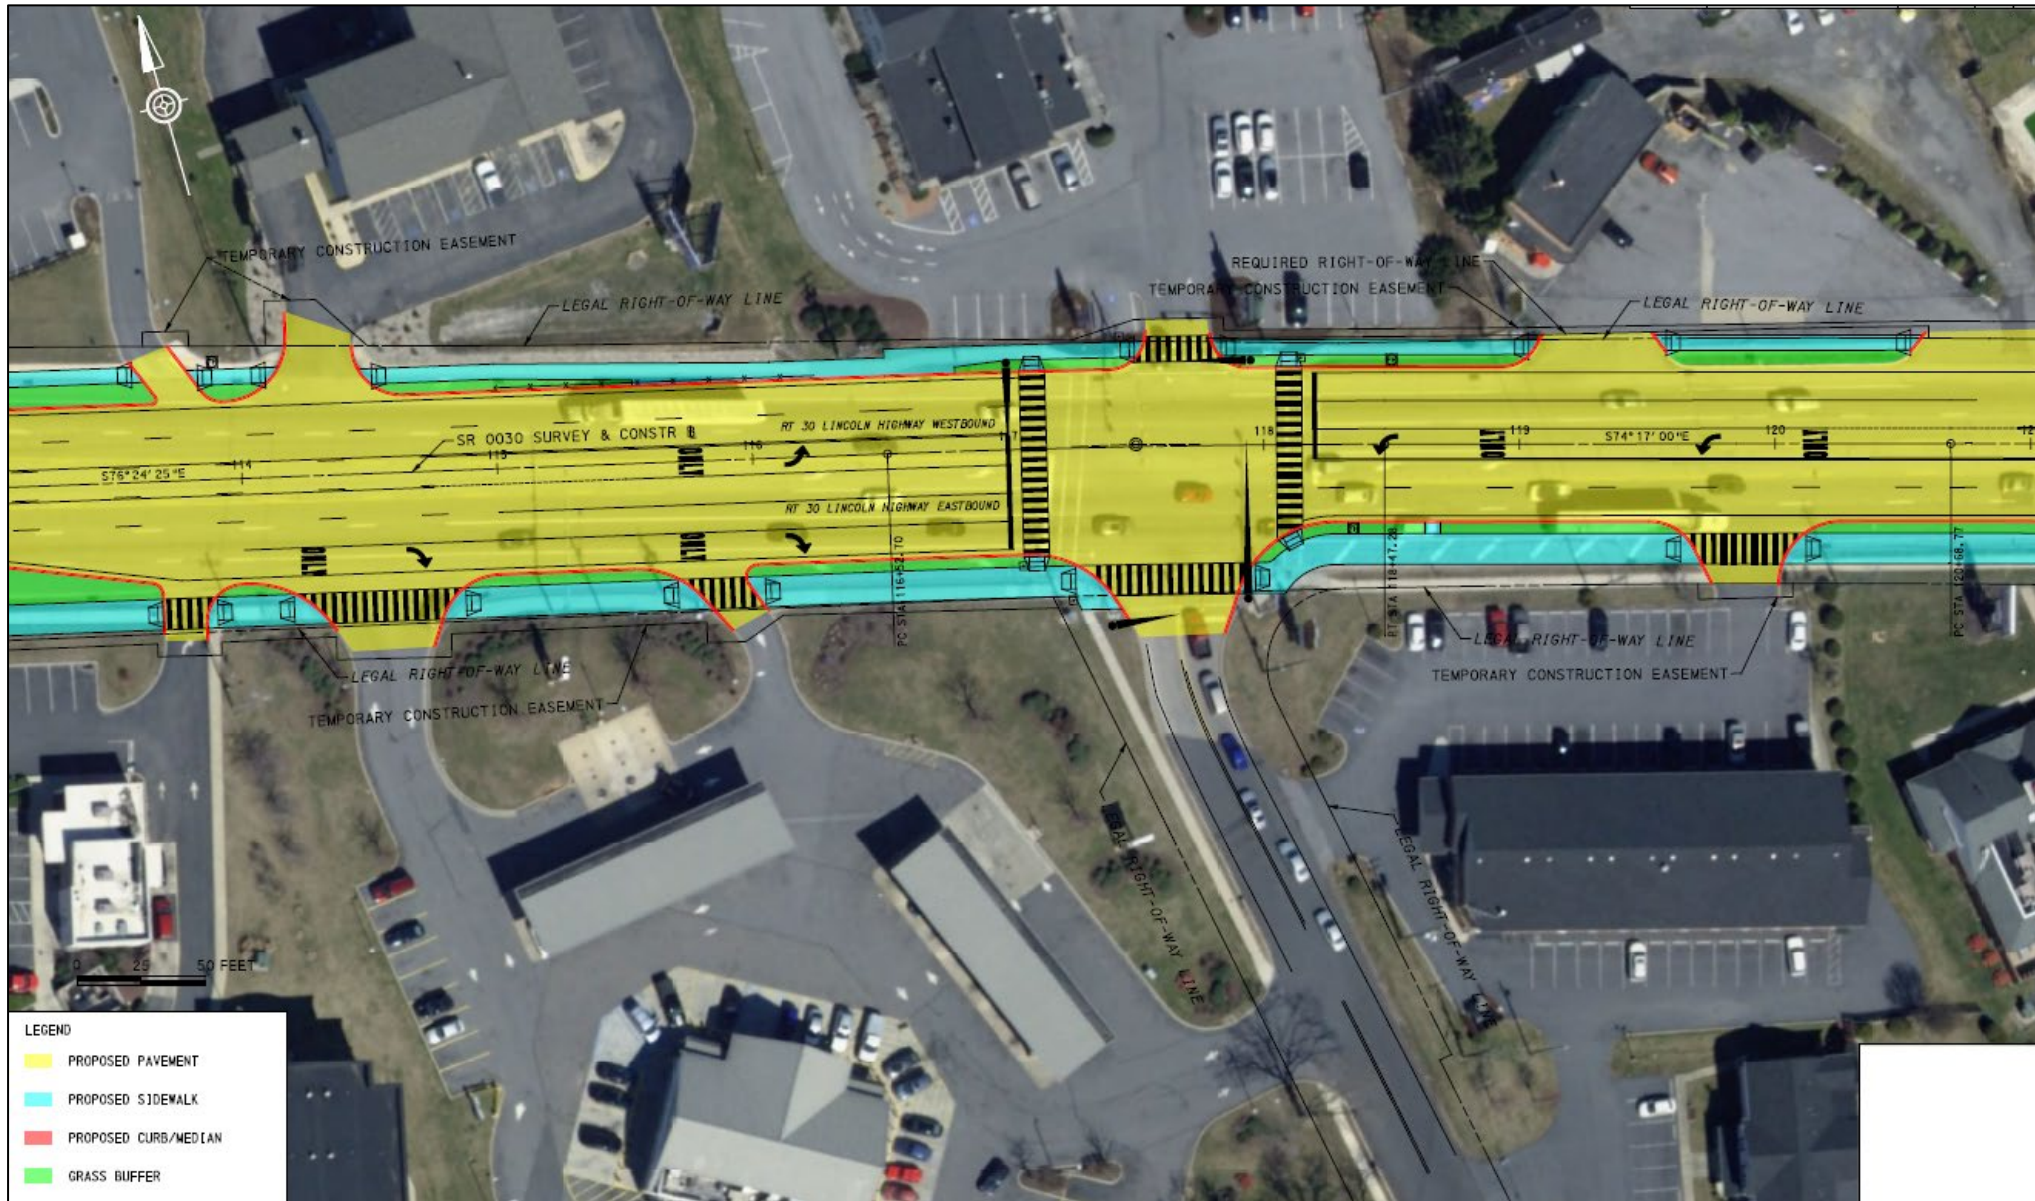

- Pavement width reduction
- 6' sidewalk on north side with grass buffer
- 12' multi-use trail on south side with grass buffer

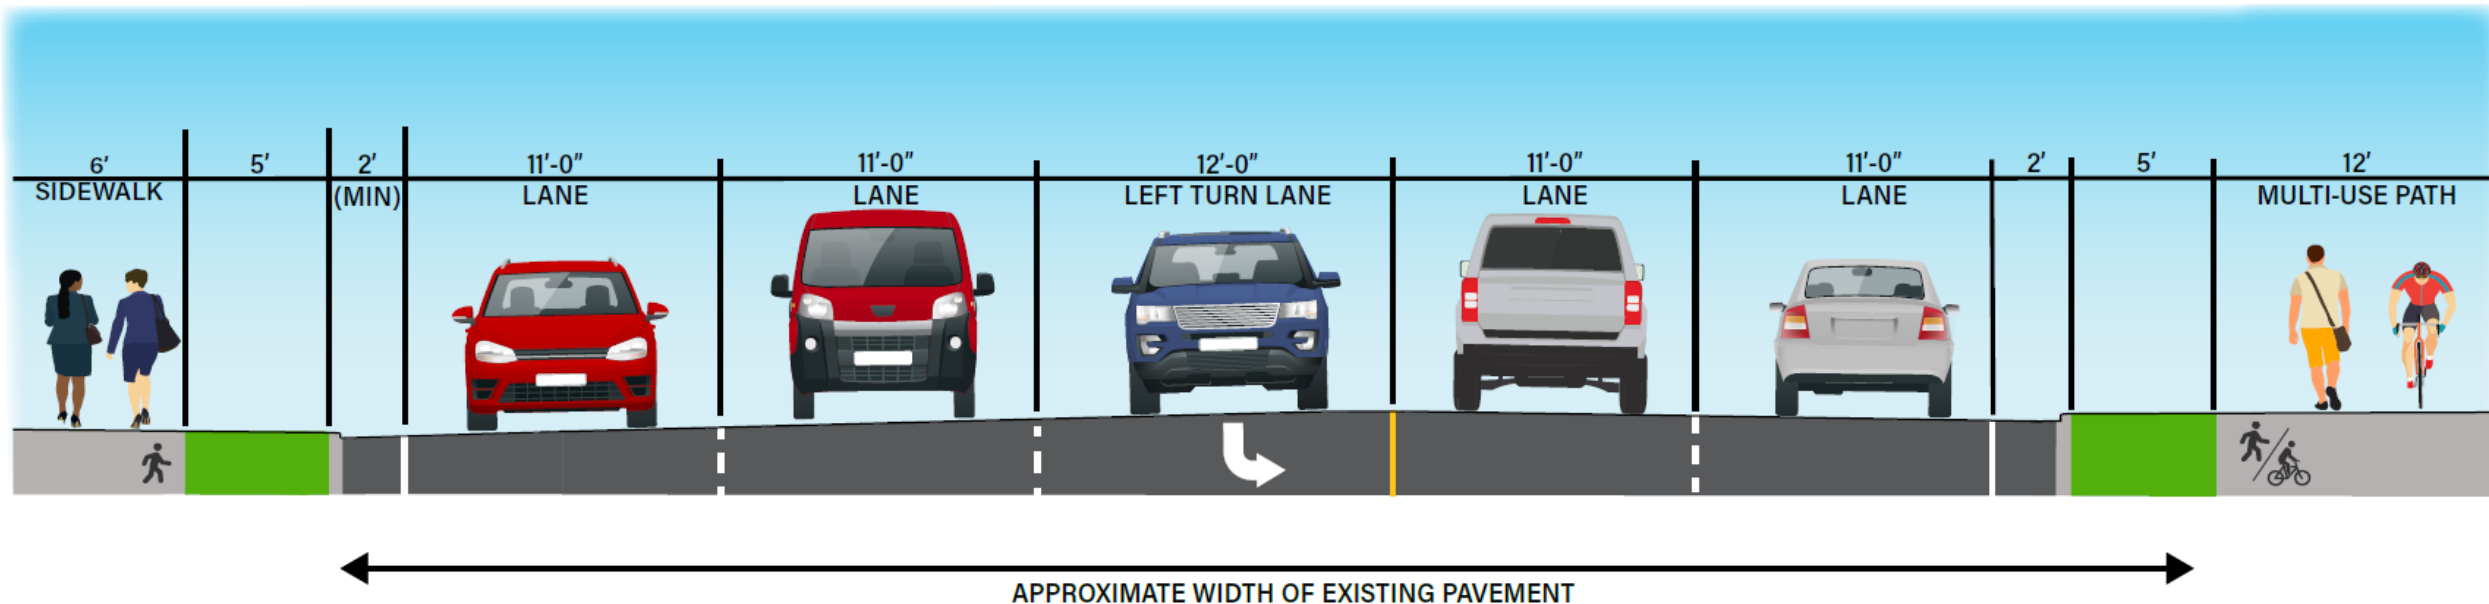

# SR 30 Improvements

## Proposed Typical Section Looking East

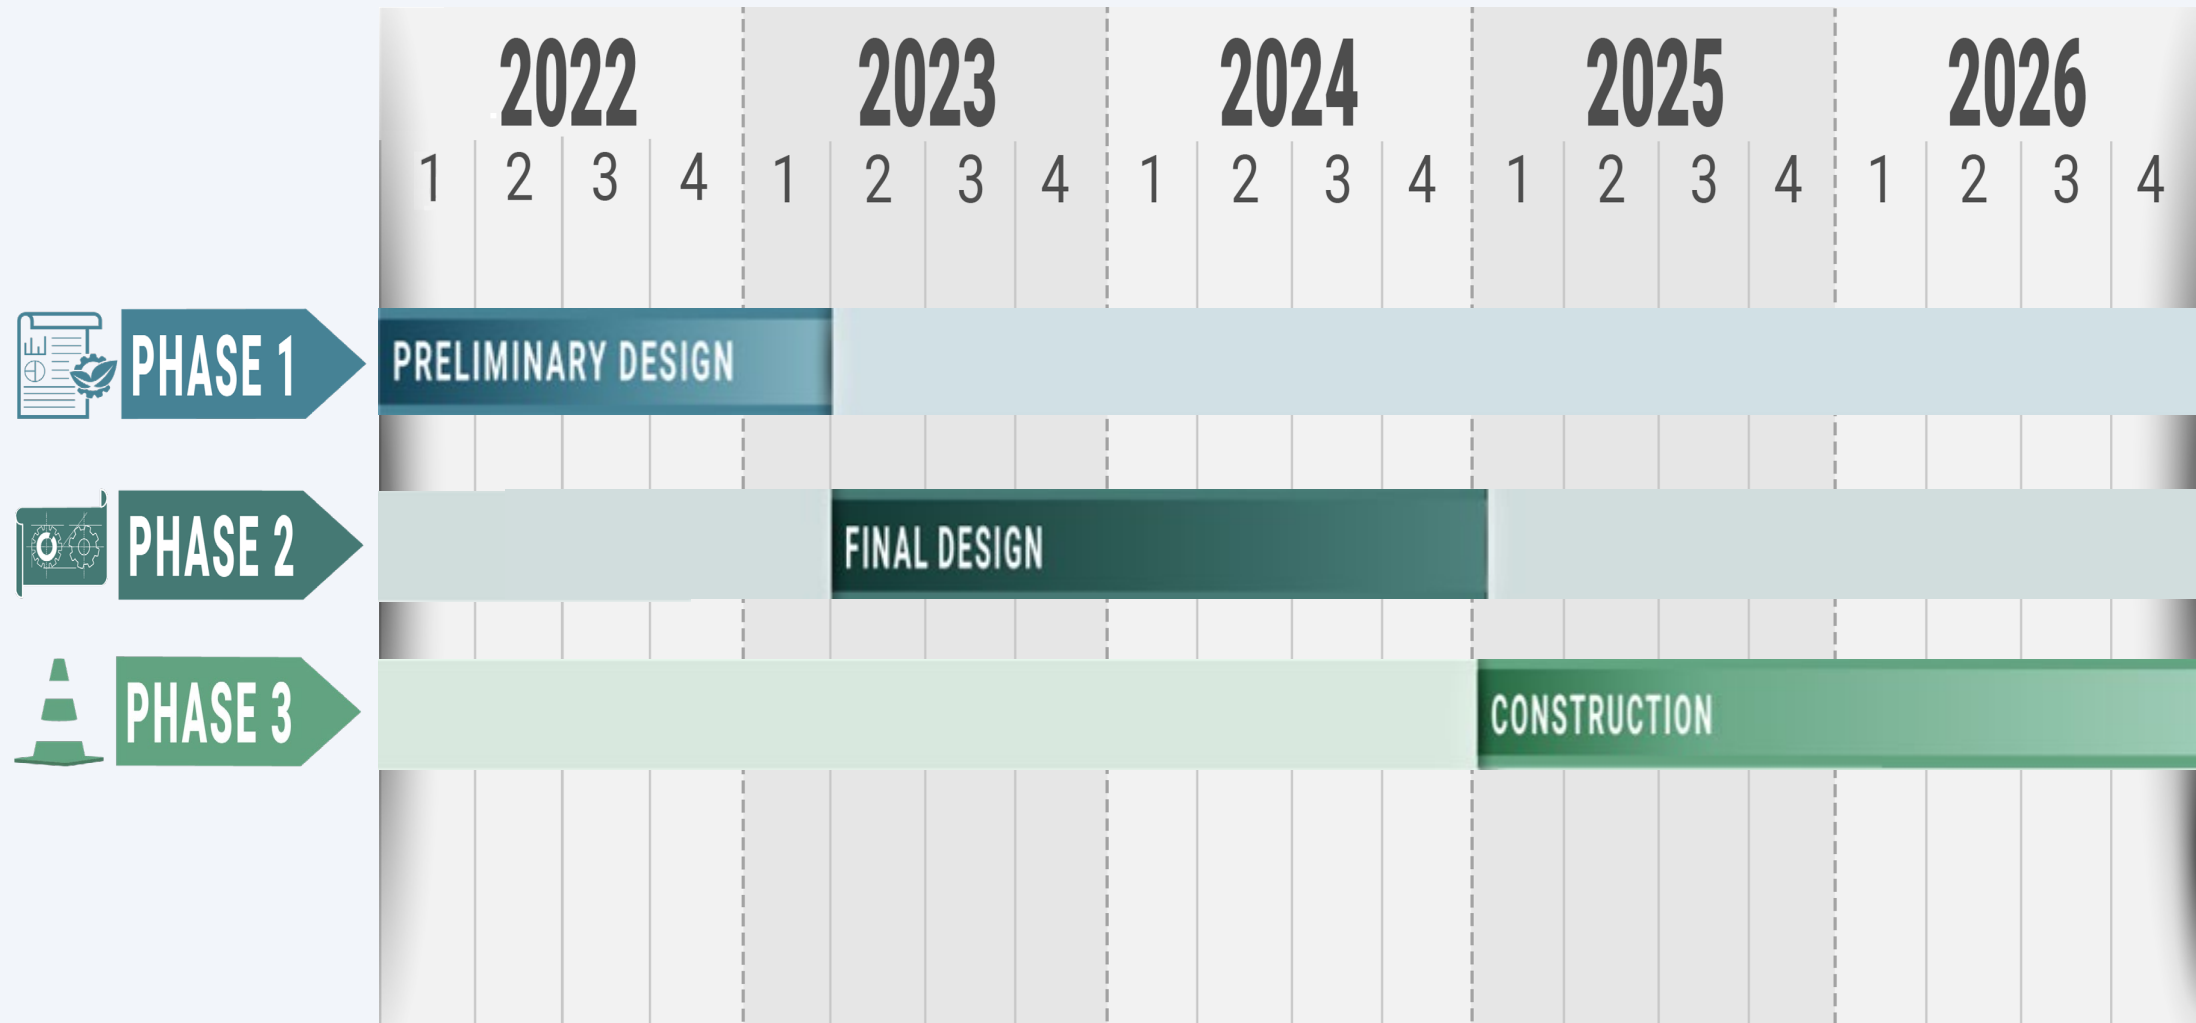

## Traffic Control During Construction

- Currently in development
- SR 30 and SR 462 traffic will be maintained in both directions with lane closures
- Short-term or weekend detours may be required on side streets
